

TENESYS

The logo features the word "TENESYS" in a bold, cyan, sans-serif typeface. The letter "T" is uniquely designed with a horizontal bar extending to the left and a vertical stem that continues downwards as a long, thin line. A second, shorter vertical line is positioned to the right of the "T" stem, and a third, even shorter vertical line is placed to the right of the "E" following the "T". These vertical lines are all cyan and extend from the baseline of the text downwards.

Soal

We unearthed this text file from one of the older servers and want to know what this is all about. Could you please analyse this and let us know your finding?

abc.txt: ASCII text, with very long lines, with no line terminators.

File berupa file teks dengan 8986218 karakter.

Solusi

- Soal merupakan kumpulan nilai RGB
- Convert nilai RGB menjadi gambar

```
#!/bin/usr/python

from PIL import Image

data = open('abc.txt').read().strip()
data = data[2:len(data)-2]
data = data.split("\n", "")
im = Image.new('RGB', (929, 569))
i = 0
for y in range(0, 569):
    for x in range(0, 929):
        rgb = data[i].split(',')
        r = int(rgb[0])
        g = int(rgb[1])
        b = int(rgb[2])
        im.putpixel((x, y), (r, g, b))
        i += 1
im.save('flag.png')
```

- Flag berada di dalam gambar.

Flag adalah **flag{Pil_PIL_PIL}**
